## Quality & Reliability UK Limited Strategic Report

The company has not yet started with the activities foreseen in its original strategic planning; therefore, it has not yet yielded the income that would cater for its annual administrative and financial costs.

According to its directors, as soon as there is a reversal of the adverse economic environment in Greece, which has a great influence in the Business strategy of its subsidiary, the company will be in a position to re-launch its strategy and improve its economic figures.

The company faced following risks during the period:

**Interest Rate Danger:** There is no such risk, as the interest rates of the loan is steady during its period.

**Liquidation risk:** The company has enough cash to cover its responsibilities.

**Financial risk:** According to the estimates of the board there is no such a risk, based to the financial position of the parent company, that is the guarantor of the loans.

**Compliance risk:** There is no such risk through the processes that are being followed.

**Equity Risk:** The company aims at having its funds managed in a way that can ensure its ongoing activities and profit making for its shareholders. For the time being, the company is in a "stand-by mode" in terms of its original strategic planning; therefore, it has not yet developed the expected activities that would allow it to yield satisfactory profits and positive Equity.

The parent company and its directors will continue supporting the subsidiary's activities, relying on the belief that the current adverse economic environment will become better in a way that the company, be able to materialize its targets and improve its economic figures.

As the company has no activity or income we are restricted to the presentation of the company's costs for period ended 31 December 2017, that only includes the management and financial expenses for 2017. Also the parent company, Quality & Reliability S.A., has provided confirmation of its willingness to continue to provide financial support to the company.

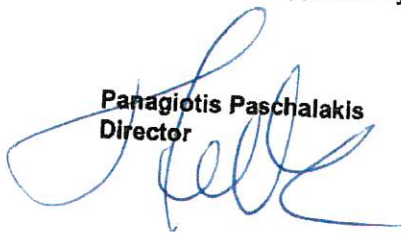

The management costs valued at € 42,932 (2016- €89,836) are consisted mainly by the expenses for a rollover of the bond loan, the insurance cover for the members of the board and accountancy fees.

The financial expenses valued at € 109,030 (2016-€142,636) consist mainly of interest on the loan.

The company has net liabilities as at period end. This is mainly due to bond notes of €1,759,500 of which €259,500 are repayable in June 2018 and the balance of €1,500,000 are repayable in 2020. The company has €69,778 in cash and with the support of parent company the company has enough resources to settle the liabilities as and when they fall due.

This report was approved by the board on 20 April 2018 and signed on its behalf.

**Quality & Reliability UK Limited**  
**Independent auditors' report**  
**to the member of Quality & Reliability UK Limited**

**Opinion**

We have audited the financial statements of Quality & Reliability UK Limited for the period ended 31 December 2017 which comprise the Statement of Financial Position, the Statement of Profit or Loss and Other Comprehensive Income, the Statement of Cash Flows, the Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

This report is made solely to the company's members, as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2017 and of its loss for the year then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006;

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Material uncertainty related to going concern**

We draw attention to note 1 in the financial statements which indicates that the company's ability to continue as a going concern is dependent on parent company. In addition to this the company incurred a net loss of €151,440 during the period ended 31 December 2017 and, at the date, although the company's total assets exceeded its current liabilities by €902,698, it had net liabilities of €856,802. The company has not generated any revenue yet. As stated in note 1 of the financial statements, these events indicate that a material uncertainty exists that may cast significant doubt on the company's ability to continue as going concern. Our opinion is not modified in respect of this matter.

**Other information**

The directors are responsible for the other information. The other information comprises the information included in the report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

**Quality & Reliability UK Limited**  
**Independent auditors' report**  
**to the member of Quality & Reliability UK Limited**

**Opinion on other matters prescribed by the Companies Act 2006**

In our opinion, based on the audit work undertaken in the course of the audit:

- the information given in the Strategic Report & Directors' Report for the financial period for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report & the Directors' Report have been prepared in accordance with applicable legal requirements.

**Matters on which we are required to report by exception**

In the light of our knowledge and understanding of the company and its environment obtained in the course of audit, we have not identified material misstatements in the Strategic Report & the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remunerations specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

**Respective responsibilities of directors**

As explained more fully in the Statement of Directors' Responsibilities statement set out on page 2 & 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <https://www.frc.org.uk/Our-Work/Audit/Audit-and-assurance/Standards-and-guidance/Standards-and-guidance-for-auditors/Auditors-responsibilities-for-audit/Description-of-auditors-responsibilities-for-audit.aspx>. This description forms part of our auditor's report.

Quality & Reliability UK Limited  
Notes to the Accounts  
for the year ended 31 December 2017

1 Accounting policies

**Basis of preparation**

The financial statements have been prepared in accordance with International Financial Reporting Standards and Interpretations issued by the International Accounting Standards Board. The financial statements have been prepared using the historical cost convention except if disclosed in the accounting policies below if shown at fair value.

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the date of the financial statements. If in future, such estimates and assumptions which are based on management's best judgement at the date of the financial statements, deviate from the actual circumstances, the original estimates and assumptions will be modified as appropriate in the year in which the circumstances change.

The company's ability to continue as a going concern is dependant upon support from parent company.

The company has not started to make any sales and there is uncertainty regarding future sales considering its business activity. The parent company has proven track records and prepared financial projections which show their belief that the company will continue to have adequate resources to meet its liabilities when they fall due and they consider it appropriate to prepare the financial statements on the going concern basis.

The financial statements relate to the entity only, are presented in pounds sterling for filing at Companies House and in Euros for management purpose and there is not any level of rounding. The company functional currency is €.

**Revenue**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Revenue is not recognised until the significant risks and rewards of ownership of the goods have passed to the buyer and the amount of revenue can be measured reliably.

**Cash and cash equivalents**

Cash and cash equivalents comprises cash on hand and time, call and current balances with banks and similar institutions, which are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value. This definition is also used for the statement of cash flows.

**Borrowings**

Borrowings are classified as originated loans and are recognised initially at an amount equal to the proceeds received, net of transaction costs incurred. In subsequent periods, they are stated at amortised cost using the effective yield method: any difference between proceeds (net of transactions costs) and the redemption value is recognised in the statement of profit or loss and other comprehensive income over the period of the borrowings.

**Fair values**

Fair value is the amount for which a financial asset, liability or instrument could be exchanged between knowledgeable and willing parties in an arm's length transaction. It is determined by reference to quoted market prices adjusted for estimated transaction costs that would be incurred in an actual transaction, or by the use of established estimation techniques. The fair values at the end of the reporting period are approximately in line with their reported carrying values unless specifically mentioned in the notes to the financial statements.

Quality & Reliability UK Limited  
Notes to the Accounts  
for the year ended 31 December 2017

*Foreign currency translation*

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the end of the reporting period. All differences are taken to the statement of profit or loss and other comprehensive income.

2 Auditors' remuneration
