JUST FINANCE LOANS & INVESTMENTS PLC (Formerly Just Finance Loans & Investments Limited)

STRATEGIC REPORT FOR THE PERIOD ENDED 31 DECEMBER 2015

Principal activities and fair review of the business

Just Finance Loans & Investments Plc ('the company') provides loans to small and medium enterprises that struggle to obtain traditional sources of funding for a variety of reasons, and also seeks to invest in such enterprises if the investments are assessed as worthwhile. The company achieved a revenue of £537,516 (2014 - £nil) and incurred a loss of £614,337 (2014 - £nil) in its first period of trading which was in line with expectations

Principal risks and uncertainties

The principal risk to the business is that the borrowers will default on their interest payments or capital repayments. It is intended that the company will closely monitor the performance of the borrowers but the company will be subject to the risk of fraud by the borrower. The company also faces risks from economic factors, fluctuations in exchange rates and the ability to secure future investments.

Whilst the directors realise that there has been a cash burn in building the process and platforms of the business, they consider that the company has adequate resources for ongoing operating expenses due to the revenues now been generated from the operations. Further discussion on risk and sensitivity analysis is discussed in Note 4.

Key performance indicators

The performance indicators relative to revenue and gross margin follows. There was no significant capital expenditure in the period. There are no non-financial performance indicators being used at present. Salient points are:

	2015	2014
Turnover	£537,516	£nil
Profit/(loss) for the period	(£614,337)	£nil
Cash and Cash equivalents	£584,967	£nil

Dependence on key personnel

Whilst the company intends to enter into contractual arrangements with the aim of securing the services of its executive directors, the retention of their services cannot be guaranteed.

Future developments

The focus of the company will be to continue to earn interest from its loans, whilst monitoring their recoverability. The company also aims to obtain additional funding through debentures to expand its current loans and investments.

On behalf of the board

Mr George Robert Boot
Director

28 April 2016

JUST FINANCE LOANS & INVESTMENTS PLC **(Formerly Just Finance Loans & Investments Limited)**

DIRECTORS' REPORT **FOR THE PERIOD ENDED 31 DECEMBER 2015**

The directors present their report and financial statements for the 18 month period ended 31 December 2015.

Principal activities

The principal activity of the company is that of the provision of loans and equity investments.

Fair review of business

The directors are satisfied with the results for the period.

Principal risks and uncertainties

The principal risk to the business is that the borrowers will default on their interest payments or capital repayment. It is intended that the company will closely monitor the performance of the borrowers but the company will be subject to the risk of fraud by the borrower. The company also faces risks from economic factors, fluctuations in exchange rates and the ability to secure future investments.

The directors consider that the company has adequate resources for ongoing operating expenses due to the expected revenues to be generated from the operations in the next financial year. Further discussion on risk and sensitivity analysis is discussed in Note 4.

Results and dividends

The results for the period are set out on page 8.

Future developments

The company aims to raise funds through an issue of debentures and then continue to provide finance for UK businesses.

Directors

The following directors have held office since 1 July 2014:

Mr George Robert Boot

Mr John Davies

Financial instruments

The company has not entered into any financial instruments to hedge against interest rate or exchange rate risk.

Going concern

The parent company, The Just Loans Group Plc, has undertaken to provide continuing financial support for the foreseeable future and in any event for the next 12 months following the date of approval of the financial statements, so that the company can pay its debts as and when they fall due. Such financial support is also pursuant to the group obtaining additional long-term funding.

The group has secured institutional funding of £24m to date of which £7.2m has been drawn, and will continue to seek additional long-term financing via sale of debentures and further institutional funding. The Directors believe that the necessary funding will be available to the group to enable them to trade for the foreseeable future.

The financial statements do not include any adjustments that would result if the above support was withdrawn.

Substantial shareholdings

As at 31 December 2015 and the period end the company was a fully owned subsidiary of The Just Loans Group Plc. The ultimate controlling party is disclosed in note 18.

Events after the reporting period

Refer to note 23 to the financial statements for further details.

JUST FINANCE LOANS & INVESTMENTS PLC (Formerly Just Finance Loans & Investments Limited)

DIRECTORS' REPORT (CONTINUED) *FOR THE PERIOD ENDED 31 DECEMBER 2015*

Auditors

Jeffreys Henry LLP were appointed auditors to the company and in accordance with section 485 of the Companies Act 2006, a resolution proposing that they be re-appointed will be put at a General Meeting.

Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRS) as adopted for use in the European Union. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether the company financial statements have been prepared in accordance with IFRS as adopted by the European Union subject to any material departures disclosed and explained in the Financial Statements.;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditors

Each person who is a director at the date of approval of this Annual Report confirms that:

- So far as the directors are aware, there is no relevant audit information of which the company's auditors are unaware; and
- each director has taken all the steps that he ought to have taken as Director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

On behalf of the board

Mr George Robert Boot
Director

28 April 2016

JUST FINANCE LOANS & INVESTMENTS PLC **(Formerly Just Finance Loans & Investments Limited)**

CORPORATE GOVERNANCE STATEMENT **FOR THE PERIOD ENDED 31 DECEMBER 2015**

The board has sought to comply with a number of the provisions of the UK Corporate Governance Code ("Code") published by the Financial Reporting Council in so far as it considers them to be appropriate to company of their size and nature. They make no statement of compliance with the Code overall and do not 'explain' in detail any aspect of the Code with which they do not comply.

The Directors have formed an Audit Committee. The Chairman of the committee is John Davies. The other members of the Audit Committee are Robert Boot and John Davies. The Chairman of the Audit Committee has the right to require the attendance of the Finance Director of the company at meetings of the committee. The audit committee operate with the following terms of reference:

Audit Committee

- to monitor the integrity of the financial statements of the company and any formal announcements relating to the company's financial performance, reviewing significant financial reporting judgements contained in them;
- to review the company's internal financial controls and, unless expressly addressed by a separate board risk committee composed of independent directors, or by the Board itself, to review the company's internal control and risk management systems;
- to monitor and review the effectiveness of the company's internal audit function;
- to make recommendations to the Board, for it to put to the shareholders for their approval in general meeting, in relation to the appointment, re-appointment and removal of the external auditor and to approve the remuneration and terms of engagement of the external auditor;
- to review and monitor the external auditor's independence and objectivity and the effectiveness of the audit process, taking into consideration relevant UK professional and regulatory requirements; and
- to develop and implement policy on the engagement of the external auditor to supply non-audit services, taking into account relevant ethical guidance regarding the provision of non-audit services by the external audit firm, and to report to the Board, identifying any matters in respect of which it considers that action or improvement is needed and making recommendations as to the steps to be taken.

As and when the company employs staff the Audit Committee is to review arrangements by which such staff may raise concerns about possible improprieties in matters of financial reporting or other matters so that a proportionate and independent investigation of such matters can take place, together with the instigation of appropriate follow up action.

The Audit Committee will also consider annually whether there is any need to put in place an internal audit function which, if put in place, is to be monitored and reviewed by the Audit Committee.

Internal controls

The Board is responsible for maintaining a sound system of internal controls to safeguard shareholders' investment and group assets. The Directors monitor the operation of internal controls. The objective of the system is to safeguard group assets, ensure proper accounting records are maintained and that the financial information used within the business and for publication is reliable. Any such system of internal control can only provide reasonable, but not absolute assurance against material misstatement or loss.

Internal financial control procedures undertaken by the Board include:

- Review of biannual financial reports and monitoring performance.
- Prior approval of all significant expenditure/loans including all major investment decisions.
- Review and debate of treasury policy.

The Board has reviewed the operation and effectiveness of the company's system of internal control for the financial period and the period up to the date of approval of the financial statements.

JUST FINANCE LOANS & INVESTMENTS PLC

(Formerly Just Finance Loans & Investments Limited)

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

FOR THE PERIOD ENDED 31 DECEMBER 2015

UK Corporate Governance Code

The Directors have adopted the approach in the principles in the Code. While they acknowledge the principle of a clear division of responsibilities between the running of the Board of Directors and the executive responsibility for the running of the company's business, they consider that the Company's business can best be advanced by the Board of Directors acting as one body in making investment decisions.

The Board considers that the principle in the Code relating to relations with shareholders should also apply to relations with holders of Debentures. Although the holders of Debentures will not attend general meetings of the company the Board believes that communication with holders of Debentures on a regular basis is important.

The Directors have considered the provision in the Code for the appointment of one of the independent Non-Executive Directors to be the senior Independent Director. At the current time the Board is not large enough to accommodate such an appointment. The Directors will however, consider the appointment of a senior Independent Director when appropriate.

JUST FINANCE LOANS & INVESTMENTS PLC

(Formerly Just Finance Loans & Investments Limited)

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF JUST FINANCE LOANS & INVESTMENTS PLC

We have audited the financial statements of Just Finance Loans & Investments Plc for the 18 month period ended 31 December 2015 which comprise the statement of comprehensive income, statement of financial position, statement of changes in equity, statement of cash flows and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Statement of Directors' Responsibilities set out on page 3, the Directors are responsible for the preparation of the company financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Directors report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2015 and of the results for the period then ended;
- have been prepared in accordance with IFRSs as adopted by the European Union;
- have been prepared in accordance with the requirements of the Companies Act 2006;

**JUST FINANCE LOANS & INVESTMENTS PLC
(Formerly Just Finance Loans & Investments Limited)
INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF JUST FINANCE LOANS & INVESTMENTS PLC
(CONTINUED)**

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report and Strategic Report for the financial period for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

JUST FINANCE LOANS & INVESTMENTS PLC (Formerly Just Finance Loans & Investments Limited)

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2015

1 General information

Just Finance Loans & Investments Plc is a company incorporated in the United Kingdom. The address of the registered office is disclosed on the company information page at the front of the annual report. The principal activities of the company are described in the directors' report.

The company is a public listed company with debentures on the Cyprus Stock Exchange.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.

2.1 Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) and with those parts of the Companies Act 2006 applicable to companies reporting under IFRS. IFRS comprises of standards issued by the International Accounting Standards Board (IASB) and the interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC) as adopted by the European Union (EU).

Preparation of financial statements

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the company's accounting policies. Areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

Going concern

The parent company, The Just Loans Group Plc, has undertaken to provide continuing financial support for the foreseeable future and in any event for the next 12 months following the date of approval of the financial statements, so that the Company can pay its debts as and when they fall due. Such financial support is also pursuant to the group obtaining additional long-term funding. The Directors believe that the necessary funding will be available to the group to enable them to trade for the foreseeable future.

The financial statements do not include any adjustments that would result if the above support was withdrawn.

New and amended standards adopted by the company

There are no IFRSs or IFRIC interpretations that are effective for the first time in this financial period that would be expected to have a material impact on the company.

JUST FINANCE LOANS & INVESTMENTS PLC (Formerly Just Finance Loans & Investments Limited)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2015

2.1 Basis of preparation (continued)

New Standards, amendments and interpretations issued but not effective

The following new standards, amendments to standards and interpretations have been issued, but are not effective for the financial period beginning 1 July 2014 and have not been early adopted:

Reference	Title	Summary	Application date of standard (Periods commencing on or after)
IFRS 14	Regulatory deferral accounts	Aims to enhance the comparability of financial reporting by entities subject to rate-regulations	1 January 2016
IFRS 15	Revenue from contracts with customers	Specifies how and when to recognise revenue from contracts as well as requiring more information and relevant disclosures.	1 January 2017
Amendments to IFRS 11	Joint arrangements	On acquisitions of interest in joint operations	1 January 2016
Amendments to IAS 16 and IAS 41	IAS 16: Property plant and equipment and IAS 41: Agriculture	On Bearer plants	1 January 2016
Amendments to IAS 16 and IAS 38	Intangible Assets	Clarification of acceptable methods of depreciation and amortisation	1 January 2016
Amendments to IAS 27	Separate financial statements	Equity method in separate financial statements	1 January 2016
Amendments to IFRS 10 and IAS 28	IFRS 10: Consolidated financial and IAS 28: Investments in Associates	Investment entities: Applying the consolidation exception	1 January 2016
Amendments to IFRS 10 and IAS 28	IFRS 10: Consolidated financial and IAS 28: Investments in Associates	Sale or contribution of assets between an investor and its associate or joint venture	1 January 2016
Amendments to IAS 1	Presentation of Financial statements	Disclosure initiative	1 January 2016
Improvements to IFRS 5	Non current assets held for sale and discontinued operations	Methods of disposal	1 January 2016
Improvements to IFRS 7	Financial instruments	Disclosures on servicing contracts and interim financial statements	1 January 2016
Improvements to IAS 19	Employee benefits	Determining the discount rates for post-employment obligations	1 January 2016
Improvements to IAS 34	Interim financial reporting	Information disclosed elsewhere in the interim financial report	1 January 2016
IFRS 9	Financial instruments	Requirements on the classification and measurement of financial assets and liabilities and includes an expected credit losses model which replaces the current incurred loss impairment model. Also includes the hedging amendment that was issued in 2013	1 January 2018

The Directors anticipate that the adoption of these standards and the interpretations in future periods will have no material impact on the financial statements of the company. However the adoption of IFRS 9 may have a material impact as it moves from the incurred loss approach to the expected loss model. The company is still to assess the impact of this and will adopt the IFRS 9 from 1st January 2018.

JUST FINANCE LOANS & INVESTMENTS PLC (Formerly Just Finance Loans & Investments Limited)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2015

2 Summary of significant accounting policies (Continued)

2.2 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-makers. The chief operating decision-makers, who are responsible for allocating resources and assessing performance of the operating segments, have been identified as the steering committee that makes strategic decisions.

2.3 Financial assets and liabilities

The company classifies its financial assets at fair value through profit and loss or as loans and receivables and classifies its financial liabilities as other financial liabilities. Management determines the classification of its investments at initial recognition. A financial asset or financial liability is measured initially at fair value. At inception transaction cost that are directly attributable to its acquisition or issue, for an item not at fair value through profit or loss, is added to the fair value of the financial asset and deducted from the fair value of the financial liability.

(a) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the company provides money, goods or services directly to a debtor with no intention of trading the receivable. Loans are recognised when the funds are advanced to customers. Loans and receivables are carried at amortised cost using the effective interest method (see below).

(b) Other financial liabilities

Other financial liabilities are non-derivative financial liabilities with fixed or determinable payments. Other financial liabilities are recognised when cash is received from the depositors. Other financial liabilities are carried at amortised cost using the effective interest method. The fair value of other liabilities repayable on demand is assumed to be the amount payable on demand at the Statement of Financial Position date.

Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or where the company has transferred substantially all of the risks and rewards of ownership. In transaction in which the company neither retains nor transfers substantially all the risks and rewards of ownership of a financial asset and it retains control over the asset, the company continues to recognise the asset to the extent of its continuing involvement, determined by the extent to which it is exposed to changes in the value of the transferred asset. There have not been any instances where assets have only been partly derecognised. The company derecognises a financial liability when its contractual obligations are discharged, cancelled or expire.

Amortised cost measurement

The amortised cost of a financial asset or financial liability is the amount at which the financial asset or liability is measured at initial recognition, minus principal payments, plus or minus the cumulative amortisation using the effective interest method of any difference between the initial amount recognised and maturity amount, minus any reduction for impairment.

JUST FINANCE LOANS & INVESTMENTS PLC (Formerly Just Finance Loans & Investments Limited)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2015

2 Summary of significant accounting policies (Continued)

2.3 Financial assets and liabilities (Continued)

Fair value measurement

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction on the measurement date. The fair value of assets and liabilities in active markets are based on current bid and offer prices respectively. If the market is not active the company establishes fair value by using appropriate valuation techniques. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same for which market observable prices exist, net present value and discounted cash flow analysis.

Impairment

The company assesses at each financial position date whether there is objective evidence that a financial asset or group of financial assets is impaired. If there is objective experience (such as significant financial difficulty of obligor, breach of contract, or it becomes probable that debtor will enter bankruptcy) the asset is tested for impairment. The amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows (excluding future expected credit losses that have not been incurred) discounted at the financial asset's original effective interest rate (that is, the effective interest rate computed at initial recognition). The carrying amount of the asset is reduced through use of an allowance account. The amount of loss is recognised in the Statement of Comprehensive Income

2.4 Revenue

Revenue comprises interest income and arrangement and commission fees on financial assets. Interest income is recognised using the effective interest method. Arrangement and commission fees are generally recognised on the accruals basis when the service has been provided.

The effective interest method calculates the amortised cost of a financial asset and allocated the interest income over the relevant period. The effective interest rate is the rate that discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset. When calculating the effective interest rate, the company takes into account all contractual terms of the financial instrument but does not consider future credit losses.

2.5 Investments

Investments in subsidiaries are held at cost less any impairment.

Investments in associates are initially recognised in the statement of financial position at cost. Subsequently associates are accounted for using the equity method, where the company's share of post-acquisition profits and losses and other comprehensive income is recognised in the statement of profit and loss and other comprehensive income.

2.6 Cash and cash equivalents

In the statement of cash flows, cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts.

JUST FINANCE LOANS & INVESTMENTS PLC **(Formerly Just Finance Loans & Investments Limited)**

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) **FOR THE PERIOD ENDED 31 DECEMBER 2015**

2 Summary of significant accounting policies (Continued)

2.7 Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.8 Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less.

2.9 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the income statement over the period of the borrowings using the effective interest method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates. The borrowings consist of interest bearing debentures which are quoted.

2.10 Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.11 Income tax expense

Current income tax which is payable on taxable profits is recognised as an expense in the period in which the profits arise.

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill; deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred income tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) **FOR THE PERIOD ENDED 31 DECEMBER 2015**

2 Summary of significant accounting policies (Continued)

2.12 Basis of consolidation

The company has decided not to provide consolidated as Paragraph 4 of IFRS 10 provides relief whereby a parent need not present consolidated financial statements if it meets particular conditions, including the requirement that “its ultimate or any intermediate parent produces consolidated financial statements that are available for public use and comply with IFRSs.”

3 Critical accounting estimates and judgments

The company makes certain judgements and estimates which affect the reported amount of assets and liabilities. Critical judgements and the assumptions used in calculating estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3.1 Impairment of loans and advances to customers and other receivables

The company reviews its portfolio of receivables to assess impairment at least on a half-yearly basis. The basis for evaluating impairment losses is determining whether a loss event has occurred, the criteria used (but which is not limited to) is:

- Delinquency in contractual payments of principal or interest;
- Cash flow difficulties experience by the borrower; and
- Initiation of liquidation proceedings.

In determining whether an impairment loss should be recognised the company has made judgements as to whether a loss event indicates that there is a measurable decrease in the estimated future cash flows of the respective receivable. No impairment provision has been made against the following other receivables as the Directors believe the companies have a positive future outlook which is not reflected in their results to date:

- £3,446,939 loaned to Pure World Energy Limited
- £1,375,069 loaned to City Oils Limited

4 Financial risk management

4.1 Financial risk factors

The company’s activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The company’s overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the company’s financial performance.

JUST FINANCE LOANS & INVESTMENTS PLC (Formerly Just Finance Loans & Investments Limited)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2015

4 Financial risk management (Continued)

4.1 Financial risk factors (Continued)

a) Credit risk

The company takes on exposure to credit risk, which is this risk that the counterparty will be unable to pay amounts in full when due. A formal Credit Risk Policy has been agreed by the Board who review credit risk on a monthly basis. Exposure to credit risk is managed through regular analysis of the ability of borrowers and potential borrowers to meet interest and capital repayment obligations and by changing these lending limits when appropriate. Exposure to credit risk is also maintained by obtaining collateral, the loans to customers include a deed of indemnity and personal guarantees and the directors therefore believe there is a low risk of customer default.

The maximum exposure to credit risk for the company was as follows:

	2015 £	2014 £
Trade and other receivables	4,953,009	451,200
At 31 December 2015	4,953,009	451,200

b) Cash flow and Interest rate risk

The company's borrowing consist of debentures which are at a fixed rate of interest exposing the company to fair value interest rate risk. The company has also borrowed monies from its parent, The Just Loans Group Plc, which bears interest and is due back in the long-term. The company does not manage any cash flow interest rate risk.

c) Liquidity risk

The company is careful to ensure that its loans and investments can be realised prior to the due date for the repayment of the debentures. This applies equally to the underlying investments of the companies or projects in which the company invests.

d) Capital risk

The company takes great care to protect its capital investments. Significant due diligence is undertaken prior to making any investment.

e) Market risk

A general economic downturn at a global level, or in one of the world's leading economies, could impact on the company. In addition, terrorism and other hostilities, as well as disturbances in worldwide financial markets, could have a negative effect on the company. Regulatory requirements, taxes, tariffs and other trade barriers, price or exchange controls or other governmental policies could also limit the company's operations. These risks are also applicable to most companies and the risk that the company will be more affected than the majority of companies is assessed as small.

f) Price risk

The company's principal activity is provision of loans, the company does not have a diversified portfolio of services and is therefore at risk.

4.2 Capital risk management

The company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure appropriate for its growth plans.

In order to maintain or adjust the capital structure the company may issue new shares or alter debt levels.

JUST FINANCE LOANS & INVESTMENTS PLC (Formerly Just Finance Loans & Investments Limited)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2015

5 Segment information

The company's line of business is the provision of loans and equity investments. All of the company's revenue arises in the UK and all of the company's non-current assets are held in the UK.

There are no customers who account for over 10% of revenue.

6 Operating profit

Operating profit is stated after charging:

Auditors' remuneration of £Nil (2014 - £Nil). The audit fee for the period and comparative was borne by The Just Loans Group Plc.

7 Finance income and costs

	2015 £	2014 £
<i>Finance costs</i>		
Commission on debentures	72,614	-
Interest charge on debentures	181,929	-
Other interest paid to group and related party creditors	292,367	-
	546,910	-

8 Taxation

	2015 £	2014 £
<i>Domestic current period tax</i>		
Income tax charge	-	-
	-	-
<i>Factors affecting the tax charge for the period</i>		
Loss on ordinary activities before taxation	(614,337)	-
	(614,337)	-
Loss on ordinary activities before taxation multiplied by standard rate of UK corporation tax of 20%	(122,867)	
Disallowed expenditure	101,467	
Losses to carry forward	21,400	-
	-	-

The company has estimated losses of £107,003 (2014 - £Nil) available for carry forward against future trading profits.

The company has not provided for a deferred tax asset of £21,400 (2014 - £Nil) using a future tax rate of 20% on the basis that it is not possible to determine when the company will make sufficient profits to utilise the losses.

9 Dividends

No dividends were paid or proposed for the period ended 31 December 2015.

JUST FINANCE LOANS & INVESTMENTS PLC (Formerly Just Finance Loans & Investments Limited)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 31 DECEMBER 2015

10 Loss per share

Basic earnings per share is calculated by dividing the earnings attributable shareholders by the weighted average number of ordinary shares outstanding during the period. Reconciliations are set out below:

	Earnings £	2015 Weighted average number of shares No.	Loss per- share Pence
Basic and diluted loss per share Earnings attributable to ordinary shareholders	(614,337)	50,000	(1,228.67)

For the comparative period there was no trading activity and as such the earnings per share was £nil.

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. Since the company is loss making and the company has no dilutive potential ordinary share the diluted loss per share is the same as the basic loss per share.
