Report of the Board of Directors of Petrolia SE explaining the reasons for proposing a resolution for the waiving of the pre-emption rights afforded pursuant to section 60B(5) of Companies Law Cap.113

Limassol, 9th day of May 2023.

The Board of Directors is putting forward the following two resolutions for consideration and approval:

- A. *“It is hereby resolved that, after having reviewed the relevant Report of the Board of Directors (Administrative Organ) of the Company dated 9th day of May 2023, the pre-emption rights granted to the existing shareholders of the Company in relation to any new shares to be issued and for any future public offering(s) and/or private placement(s) and/or allotment to the existing shareholders and new investors and/or conversion(s) of any convertible bonds issued by and/or convertible loans granted to the Company, of up to 13,250,000 shares in the Company of a nominal value of USD 0.10 each, for cash consideration, at a subscription price per share not lower than seventy five per cent (75%) of the average of the volume weighted price of the Company’s share in the Oslo Stock Exchange for each of the five trading days prior to the day the subscription price is decided, and/or in exchange for a contribution in kind, in accordance with the terms of a relevant agreement between the Company and such new investors and/or existing shareholders of the Company, pursuant to section 60B of the Companies Law Cap. 113, provided that no issue shall be for a price below the nominal value of the shares, be and are hereby waived until the Annual General Meeting of the Company of the year 2024 but no later than 30 June 2024.”*
- B. *“It is hereby resolved that without prejudice to any limitation of the powers of the Board of Directors (Administrative Organ) of the Company as provided by the Cyprus law on public takeover bids, the Board of Directors (Administrative Organ) of the Company be and is hereby authorized to issue and allot until the Company’s Annual General Meeting in 2024, but no later than 30 June 2024, and at its discretion, to new investors and/or existing shareholders of the Company up to 13,250,000 shares in the Company of a nominal value of USD 0.10 each, for cash consideration, at a subscription price per share not lower than seventy five per cent (75%) of the average of the volume weighted price of the Company’s share in the Oslo Stock Exchange for each of the five trading days prior to the day the subscription price per share and provided that no issue shall be for a price below the nominal value of the shares, in accordance with the terms of a relevant agreement between the Company and such new investors and/or existing shareholders of the Company, without applying any pre-emptive rights of the existing shareholders of the Company in relation to the issue and allotment of such new shares in the Company, and that the Board of Directors (Administrative Organ) of the Company be and is hereby authorized to enter into and execute until the Company’s Annual General Meeting in 2024, but no later than 30 June 2024.”*

The aim of the above resolutions is to give to the Company's Board of Directors the ability to proceed and allot up to 13,250,000 additional shares through future issues and allotments of further new ordinary shares to existing shareholders and/ or new investors and/or convertible bondholders and/or convertible lenders within the price range set forth in the resolutions and for a period up to the Annual General Meeting of the year 2024, but no later than 30 June 2024 as this authorisation will provide sufficient flexibility to raise capital quickly when investment opportunities arise.

The Board of Directors is of the opinion that the above resolutions will offer the Company the ability to carry out future private placements in a swift manner and shall allow a proactive approach and flexible and swift responses to favourable market conditions for raising equity capital, thus making it more attractive to potential investors. The Board of Directors will continue to pursue the Company's strategy of targeting investment opportunities in the oil & gas industry either directly into companies, securities and/or assets, with the aim to acquire additional assets at a low value.

The Board of Directors believes that it would be in the Company's best interests, as it would avoid the expense and delays involved in convening and holding Shareholders' meetings which would otherwise be necessary, given that it is not possible to predict with enough lead time the amount of capital increase which might be necessary.

This delegation of authority would permit more flexibility in responding to the potential need for raising additional capital and is of great importance as demands might arise at short notice due to highly volatile market conditions and circumstances.

Equity financing will provide the Company with a cost-effective form of finance, which is better suited to provide a higher return on investment in the current challenging and highly volatile times for the oil service industry. The Board of Directors considers that this financing strategy is in the best interest of the Company and its shareholders.

The Board of Directors shall have no right to proceed with the allotment of any of the issued shares to any third party or parties if such allotment is related to take-over situations as described in the Norwegian Securities Trading Act Section 6-17.

Having taken full consideration of the above, we the members of the Board of Directors of the Company recommend the approval of the said resolutions.

On behalf of the Board of Directors,

Berge Gerdt Larsen
Chair
