The Company is exposed to credit risk and liquidity risk from the financial instruments it holds.
The Company does not have a formal risk management policy programme. Instead the susceptibility of the Company to financial risks such as credit risk and liquidity risk is monitored as part of its daily management of the business.

## MANAGEMENT REPORT

## Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to meet an obligation. Credit risk arises from cash and cash equivalents, contractual cash flows of debt investments carried at amortised cost and deposits with banks and financial institutions.

Credit risk is managed on a group basis. For banks and financial institutions, the Company has established policies whereby the majority of bank balances are held with independently rated parties with a minimum rating of ' C '. The utilisation of credit limits is regularly monitored. The company's investments in debt instruments are considered to be low risk investments. The credit ratings of the investments are monitored for credit deterioration.

## Liquidity risk

Management monitors the current liquidity position of the Company based on expected cash flows and expected revenue receipts. On a long-term basis, liquidity risk is defined based on the expected future cash flows at the time of entering into new credit facilities or leases and based on budgeted forecasts. Management believes that it is successful in managing the Company's liquidity risk.

## Dividends

# NOTES TO THE CONDENSED UNAUDITED FINANCIAL STATEMENTS <br> Period from 1 January 2022 to 30 June 2022 

## 1. Incorporation and principal activities

## Country of incorporation

The Company Lanitis Golf Public Co Limited (the "Company") was incorporated in Cyprus on 18 April 2007 as a private limited liability company under the provisions of the Cyprus Companies Law, Cap. 113. On 28 February 2014, the Company was converted from a private limited liability company to a public limited liability company under the Cyprus Companies Law, Cap. 113 and is listed on the Emerging Companies Market of the Cyprus Stock Exchange ("CSE"). Its registered office is at 10 Georgiou Gennadiou Street, Agathangelos Court, 3rd Floor, 3041, Limassol, Cyprus.

## Unaudited financial statements

The condensed unaudited financial statements for the six months ended on 30 June 2021 and 2022 respectively, have not been audited by the external auditors of the Company.

## Principal activities

The principal activities of the Company, which are unchanged from last year, are the development of a special leisure and residential golf course project. The application of the town planning permit with terms and conditions, was approved on 14 November 2012. On 26 July 2019, the Company has also obtained a building permit for construction of its golf development project. Following a change in the group structure on 15 January 2020, the Company has secured sufficient funds to enable it to commence its development plan. During 2021, the Company begun the construction of the golf project and entered into agreements with buyers for the reservation and sale of plots and apartments. During the year, the Company has also entered into agreements with buyers for the reservation and sale of villas and townhouses.

## Operating Environment of the Company

The year 2021 was marked by the continuous effects of the COVID-19 pandemic, the emergence of new variants and the associated measures implemented by various governments globally with a view to delay the spread of the disease, safeguard public health and ensure the economic survival of working people, businesses, vulnerable groups and the economy at large.

To this end, the government of the Republic of Cyprus extended certain of the measures in place since 2020 and, in some cases, introduced new, economically costly, measures with the aim of protecting the population from further spread of the disease.

Some entry regulations continued to apply within 2022, which imposed limitations in the entry of individuals to the Republic of Cyprus. A considerable number of private businesses operating in various sectors of the economy closed for a period of time while a number of lockdown measures, such as prohibition of unnecessary movements and suspension of operations of non-essential businesses, including retail companies (subject to certain exemptions), were applied throughout the year. The measures were continuously revised (lifted or tightened) by the Republic of Cyprus during the year taking into consideration the epidemic status in the country.

Industries such as tourism, hospitality and entertainment have been directly and significantly disrupted by these measures. Other industries, such as manufacturing and financial services, have also been indirectly affected.

These measures have further restricted the economic activity both in Cyprus and globally and have severely impacted and could continue to negatively impact, businesses, market participants as well as the Cyprus and global economies as they persist for an unknown period of time.As a result of the measures imposed by the government, the Company did not face any major implications. The future effects of the COVID-19 pandemic and of the above measures on the Cyprus economy, and consequently on the future financial performance, cash flows and financial position of the Company, are difficult to predict and management's current expectations and estimates could differ from actual results. The Company's management believes that it is taking all the necessary measures to to ensure minimum disruption to and sustainability of the Company's future plans in relation to the construction and development of the residential golf course project.

## LANITIS GOLF PUBLIC CO LIMITED

## NOTES TO THE CONDENSED UNAUDITED FINANCIAL STATEMENTS <br> Period from 1 January 2022 to 30 June 2022

During 2021, the Russian economy continued to be negatively impacted by the ongoing political tension in the region and international sanctions against certain Russian companies and individuals, with the tension intensifying towards the end of 2021 as a result of further developments of the situation with Ukraine. From late February 2022 the conflict between Russia and Ukraine escalated further and the situation remains highly unstable. In response to the conflict, a number of sanctions have been imposed on Russian entities to restrict them from having access to foreign financial markets, including removing access of several Russian banks to the international SWIFT system. The EU, UK and US (amongst others) have also imposed sanctions against the Russian central bank, restricting the access of the Russian state to foreign currency reserves, and introduced further asset freezes against designated individuals/entities and sectoral sanctions. These measures could negatively impact the construction industry of Cyprus as it depends significantly on the Russian market. A significant portion of the Company's sales have been made to Russians so this situation might affect future sales.

The situation is still evolving and further sanctions and limitations on business activity of companies operating in the region, as well as consequences on the Russian economy in general, may arise but the full nature and possible effects of these are unknown. It is not possible for management to predict with any degree of certainty the impact of this uncertainty on the future operations of the Company and estimate the financial effect on the Company. Whilst these uncertainties may impact the future income there is no material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. Management's plans include diversifying the customer portfolio in which they intend to attract for the sale of properties. This will avoid significant reliance in buyers from Russia Federation for which there could be uncertainty in the ability to receive the funds following the implementation of sanctions and restrictions on SWIFT systems. Management is closely monitoring the situation and is ready to act depending on the developments.

## 2. Basis of preparation

The condensed unaudited financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union (EU) and the requirements of the Cyprus Companies Law, Cap. 113. The condensed unaudited financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates and requires Management to exercise its judgment in the process of applying the Company's accounting policies. It also requires the use of assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on Management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

## Significant accounting policies

The accounting policies adopted for the preparation of the condensed unaudited financial statements for the six months period ended 30 June 2022 are consistent with those followed for the preparation of the annual audited financial statements for the year ended 31 December 2021. The 2022 interim financial statements do not include all information and disclosures compared to the 2021 annual financial statements and should be read in conjunction with the audited financial statements for the year ended 31 December 2021.

## 3. Adoption of new or revised standards and interpretations

During the current period the Company adopted all the new and revised International Financial Reporting Standards (IFRS) that are relevant to its operations and are effective for accounting periods beginning on 1 January 2022. This adoption did not have a material effect on the accounting policies of the Company.

## 4. New accounting pronouncements

At the date of approval of these condensed unaudited financial statements, standards and interpretations were issued by the International Accounting Standards Board which were not yet effective. Some of them were adopted by the European Union and others not yet. The Board of Directors expects that the adoption of these accounting standards in future periods will not have a material effect on the condensed unaudited financial statements of the Company.

## 18. Borrowings (continued)

Maturity of non-current borrowings:

The borrowings from related parties are repayable by 31 December 2025.
On 24 September 2020, the Company has signed an agreement with Hellenic Bank for a $€ 34 \mathrm{~m}$ loan term facility related to the construction of the infrastructure of the resort and $€ 3.15 \mathrm{~m}$ ancillary facilities in the form of bank guarantees and overdraft facility. The loan term facility will be available to the Company for utilisation once the Company has reached $€ 30 \mathrm{~m}$ of confirmed sales.

The fair value of non-current borrowings between 1-2 years, equals their carrying amounts, as the impact of discounting is not significant.

As part of the share purchase agreement concluded on 15 January 2020, the Company received an interest free loan from a related party amounting $€ 10,000,000$ which is repayable during 2025. The interest free loan was fair valued at initial recognition using the market interest rate (5\%) for bank borrowings available to the Company. The fair value gain recognised at initial recognition of $\epsilon 2,556,501$, was credited in the statement of changes in equity as Capital Contribution. The unwinding of interest expense following the initial recognition, is capitalised against inventories and property, plant and equipment as apportioned by the building coefficient of the project.

The weighted average effective interest rates at the reporting date were as follows:

|  | Six months <br> period ended | Audited |

## 19. Lease liabilities

This note provides information for leases where the Company is a lessee.
(i) The Company's leasing arrangements

The Company leases buildings and motor vehicles. Rental contracts are typically made for fixed periods of 1 year to 4 years, but may have extension options.

Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.
